in the NEWS :

Red Funnel Gp. has announced an innovative new addition to their fast ferry fleet for 2025. The vessel, designed and built by Belfast-based Artemis Technologies Ltd., an applied technologies spin-off from the Artemis Racing America's Cup team and designated Artemis EF-24, is a fully electric 24m., 150 px vessel, relying on hydrofoil technology to give it a top speed of 38kn, and with a range of 115 miles at 25kn. between charges. A prototype vessel named **Zero** opened a service operated by Condor Ferries between Belfast and the neighboring city of Bangor during 2024.

Passengers on a ferry service from Jersey were left stranded overnight after the **Condor Islander** scraped the Elizabeth East Berth wall with its starboard side while entering St. Helier harbour. Condor Ferries confirmed that the Guernsey-bound service from Portsmouth made 'light contact' during strong winds on Wednesday 3rd July

Damage to the ship was assessed by engineers overnight before the **Condor Islander** continued to Guernsey and returned to Portsmouth the next morning. More than 100 passengers due to depart for Guernsey were provided with hotel rooms by the operator, and freight shipments were redistributed onto other vessels in the fleet

Two new high-speed offshore crew vessels **MO10** and **MO11** arrived in Southampton on 20th aboard **BBC Citrine**. After offloading they moved to 21 berth. **MO10** left for Ostend on 24th before moving on to the Norther Wind Farm. **MO11** left a day later heading for Mukran in Germany.

The Dutch dredger **Scald** arrived from Antwerp on 26th to carry out work on the Fawley Power Station site. She left on 29th for Rosslare.

significant arrivals during July

Hapag-Lloyd's latest monster box boat **Singapore Express** arrived at SCT5 on 19th after spending a few days at Nab Anchorage. Another Chinese built LNG-fuelled car carrier also made a first call, **Thor Highway**, together with a new Hyundai Mipo built urc Grimaldi's, **Great Lagos**. The small German Naval auxillary **FGS Donau A.516** arrived at 40/41 berth on 5th for a couple of days although as is the case now was not shown on VTS movements.

in August, WATCH OUT for :

Another Hapag-Lloyd monster arriving on her maiden voyage on 8th is the **Damietta Express** 24/229,376

operating on the FE3 loop. A day earlier and at the other end of the time and tonnage scale we have **MSC Santhya**, 91/37,071 making a first call on the BPEN service on 7th. Also expected are **Seaspan Calicanto** 10/26,404 [COLEX] on 15th and **MH Perseus** 23/73,172 [ATA] on 30th.

This edition of Scanner, my 160th is dedicated to the memory of my beautiful, brave wife Roz, who lost her long battle against cancer on 23rd July. She never quite fully understood my passion for ships, but certainly grew to enjoy sharing our shipspotting trips on the Thames, the Solent and the culinary delights of Terneuzen. Rest in peace, my sweetheart.
